

Leadership Programs @ RI LABS

ENGAGE | LEARN | COLLABORATE | PRACTICE | IMPLEMENT

The Future of Leadership 1: Foundations

The Future of Leadership & innovation is in community. We need to navigate the continuously evolving intersection of Technology, People, and our Environments with delight & trust.

The Foundations program is designed to help you, the leaders, hone your awareness and skills, building a practice of leading through both chaos and structure to thrive.

What You Get

Intensive

- 3 half-day virtual engaging innovative leadership development program
- One private strategy & feedback session
- Interactive Exercises & Games
- Like-Minded Leadership Network
- Certificate of Completion

Who Are You?

For leaders who understand the power of diversity, collective intelligence, trust and impact while staying ahead of the curve in leadership and tech innovations.

- Mid & Senior-level executives
- Entrepreneurs & Innovators
- Program & Thought Leads for Innovative Organizational & Strategic Initiative & Program Development
- Leaders driving tech innovation and strategy across their organization
- Advisors & Consultants who are advising on tech/business solutions with the priority of responsibility (e.g. education, healthcare, hiring, AI)
